HOT RODS AND HOSPITALITY OF WAVELAND 2024

Officials with Hot Rods and Hospitality estimate about 4,000 vehicles cruised through Coleman Avenue & more than 3,000 parked.

BY CASSANDRA FAVRE
STAFF WRITER

Last week's 2nd annual Hot Rods and Hospitality of Waveland event boasted double the attendees, committee president Bobby Richardson said. Richardson said he estimates that about 4,000 classic vehicles cruised down Coleman Avenue. He added that they parked between 3,000 to 3,300 vehicles. Richardson said parking the cars was made possible by agreements with 16 property owners. "The Hot Rods and Hospitality of Waveland Commit-

tee thanks all the property owners," Richardson said. "Without them, we wouldn't have had the event we did." Expanded parking was just one of the critiques the committee took into consideration after last year's inaugural event, Richardson said. "This year, all we've gotten back is positive feedback," he said. "Everybody is loving Waveland." Richardson said the vendors were also happy about the event's success. "It's an opportunity for our local vendors to make some

money," he said. This year's Committee Choice award went to Aubrey Brand, chosen by last year's winner Wayne Tedesco, Richardson said. Bernie Cullen, board chair of Waveland's LiLi Stahler-Murphy Ground Zero Hurricane Museum said the event brought 243 visitors to the museum. Waveland Mayor Jay Trapani said Waveland's Cruisin' the Coast event, Hot Rods and Hospitality, "knocked it out of the park for the second year in a row." "Estimates have

upwards of 4,000 classic cars coming through our city," Trapani said. "Every empty space on three streets was filled with cars and people enjoying the day. Alderman Bobby Richardson, his wife, Melissa, and their volunteers are to be commended for putting together such a wonderful event." Members of the Hot Rods and Hospitality Committed include: Richardson, Melissa Richardson, James Embry, Celeste Pitre, Nonnie Richardson, Cami Cornfoot, Anlyssa Richardson, Amanda Tallent, and Liz

Renz. Richardson thanked the committee members, as well as event volunteers and city of Waveland employees for their hard work during the event. He also thanked the Waveland Board of Mayor and Aldermen for their support of the event. Richardson also thanked the Waveland Police Department, Waveland Fire Depart-

ment and city attorney Ronnie Artigues for their help in making this event possible. Richardson said they plan on hosting the event during next year's Cruisin' the Coast and said it's "definitely going to get bigger." Visit the Facebook page at Hot Rods and Hospitality of Waveland for more information.

Bay artist to be honored in Greenville

Photo submitted
Bay St. Louis artist Herb Willey, with the mural he designed for the Walmart store in Greenville, Miss.

ECHO STAFF Louis artist Herb Willey. “The public is invited to join us for a reception on Thursday, Oct. 17 from 5-7 p.m. in the Malkin Gallery at E.E. Bass Cultural Arts Center in honor of the new mural installed at our local Walmart,” the council said on its Facebook page. “After months of phone calls, emails, and messages asking,

‘who did the mural at Walmart?’ ‘Who is that artist?’ ‘Can I get a print of the painting?’” Can GAC get this artist to the gallery?” etc. We’ve made it happen!”

NOW Art, a California-based public art agency which consults, curates and designs contemporary public artworks all over the country invited Willey to participate in its Community Mural Program for Walmart. Willey was commissioned to produce murals for four Walmart interior store entrances in Mississippi during major renovations at Walmart stores in Columbus, Greenville, Hernando and Pascagoula.

“As a watercolorist, I pretty much was left out of mural production,” Willey said, “but with the advancement of large format color printing, it is possible to reproduce any media on vinyl and it opened the door for me to participate in this project. To see a piece of my watercolor art as large as 13’ x 25’ is overwhelming. This experience is one that I am eternally grateful for and I consider myself fortunate that I was chosen even though I am a watercolorist.”

Herb’s art journey found its beginning in more distant locales. Having majored in fine art at USL in Lafayette, LA, and studied art on a part-time basis at the university of Hawaii while serving as a U.S. Naval Airman, Herb later formed his own advertising design company in New Orleans where he worked as a designer for many well-known New Orleans businesses for over 40 years.

Herb’s work focuses on Gulf Coast subjects and has been featured in numerous solo shows along the coast from Louisiana to Alabama. His paintings have appeared in juried shows nationally and internationally including International Watercolor Society Global shows in Malaysia, Taiwan and Hong Kong. Some of the more prominent local shows included a two-month show at Eastern Shore Art Center in Fairhope, AL; a month-long exhibit at the Mobile Art Council Gallery; and a three-month show at the University of Southern Mississippi Gulf Coast Campus in Long Beach, MS.

Central Bible Church to present original comedy, “Safe Spaces”

Central Bible Church in Bay St. Louis is gearing up to present an original comedy, “Safe Spaces.”

The two-act play is written by Central Bible Church Associate Pastor Kyle Craig. He said he was inspired after speaking with CBC Senior Pastor Dr. Michael Ramsey about “things happening in the world contrary to God’s plan for humans.”

“There’s a lot of hot-button social issues being argued over with violent and hateful rhetoric,” he said. “Jesus wasn’t a confrontational person, he was truthful and the truth can be uncomfortable.”

According to its summary, the play “takes place in California when a college grad takes his Texas girlfriend to meet his free-spirited parents.”

Craig said the first act is a comedy, while the second act is “more like a sermon.”

There are four cast members including Craig, who portrays River; Ramsey portrays Athos; Annette McBride portrays Di; and Ashleigh “Punky” Pierce portrays Tessie.

The play is co-directed by Regina Withers, Craig said.

Craig described the play as “Christian-friendly, funny, Christian-centered and bold.”

“The ideology invading a lot of our creative spaces is contrary to Christ,” he said. “It’s shocking because creative spaces used to belong to the church with its artists and singers. The church is shoved out of the creative space in a violent way. God gave us creativity, He is the most creative of all,” Craig said. “He made the sunrise, sunsets, and animals.”

Craig said he invites people of all faiths, opin-

Bay opens long-awaited pickle ball courts

Photo by Geoff Belcher | Sea Coast Echo The city of Bay St. Louis, assisted by the Hancock Chamber, on Tuesday hosted a ribbon cutting ceremony to officially open its two new pickleball courts at McDonald Field.

BY GEOFF BELCHER
PUBLISHER

An enthusiastic crowd showed up at McDonald Park on Tuesday morning to help the city of Bay St. Louis celebrate the grand opening of its two new pickle ball courts. Mayor Mike Favre thanked everyone for showing up on Tuesday, and said the construction was paid for through left-over bond money and an anonymous \$48,000 donation. “We used \$138,000 from the 2020 bond fund that were kind of remaining, and the anonymous donor donated the

funds through the Hancock County Community Foundation,” Bay’s Chief Administrative Officer Michael Reso said. The Bay St. Louis City Council in February approved measures to begin construction on the courts and unanimously approved a motion to award the pickle ball court construction project to Moran Hauling, which had the low bid totaling \$115,596. The city had advertised for the bids last October. Chiniche Engineering designed the facilities. Ward Two Councilman Gene Hoffman said

the pickle ball facility started as a series of conversations between him and Bay resident Goldie Fairconnetue. “The new pickleball courts will add to the existing facilities at the park that include a playground, splash pad, field, restrooms and stage,” Reso said. “The vision is to continue expanding the park amenities to include four more pickleball courts, several pavilions for shade, corn hole and bocce ball games, perimeter fencing, and off-street parking.” The courts will be free to the public.

Flag Retirement Program

Edmond Fahey Funeral Home works with local residents and the veterans services organizations to properly retire any U.S. flag that has reached the end of its service. Our program is designed to honor our national heroes, our military veterans, and to give dignity to our American Flag when it is no longer worthy of display. We strive to see that each veteran being cremated has a flag. There is no charge for this service to our veterans.

According to the United States code, Title 4, Chapter 1, Subsection 8: "The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

If you would like to honor a deceased veteran by donating an aged or worn flag to be properly disposed of, you may do so by delivering the flags to our funeral home located on the corner of Necaise Avenue and Main Street.

"We pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

a resolution authorizing the non-profit Southern Mississippi Planning and Development District to assist and serve as an agent for the city to establish the program.

The program would in part “allow private developers to apply for redevelopment incentives based on increases in sales tax that result from a proposed redevelopment and other incentives,” according to the resolution.

it also states the city “will establish the redevelopment program in specific areas and identify grant rates on a project-by-project basis. All Reimbursement grants will be capped at one-third of the redevelopment cost and the term of the reimbursement period is limited to a maximum of 15 years.”

“It’s meant to be a blighted property revitalization program, where the city could consider an application from a developer to invest in a property,” the Bay’s Chief Administrative Officer Michael Reso said. “We could end up rebating back a portion of the city’s sales tax diversion back to the developer. That we he can recoup some of his investment. The max is 30 percent of the investment, and the max term is 15 years, but each application from a developer has to stand on its own and be considered independently, so it’s not a one-size fits all. ... It would be based on what (the project) means to the city.

“Biloxi used (the same process) for the Rouse’s Market that went in on Pass Road. That was one example we were talking about. ... It’s a win-win. The owner of the project recoups some funds and the city’s going to get more sales tax.

“This is one of the items listed in the comprehensive plan for economic development to revitalize Hwy. 90 in particular, and other run-down commercial properties. Our goal is to also be looking for ways to match the county’s tax abatement program and to also look at TIF redevelopment plans so the city would be able to consider TIF bonds for economic development purposes.”

In other action Tuesday, the council:

- Approved the lowest, best — and only — bid for the Sunset to Dunbar Sewer Improvements project. Bottom 2 Top Construction, LLC, submitted a total bid of \$946,210.

- Approved a Memorandum of Understanding between the Mississippi Attorney General’s Office Internet Crimes Against Children (ICAC) Task Force and the Bay

St. Police Department for 2025.

The mission of the ICAC Task Force is to “properly investigate and prosecute those who sexually exploit children through the use of internet and/or computers, provide training and equipment to those involved in ICAC cases, and provide community education regarding the prevention” of Internet-related abuses of children. Bay P.D. Detective Dustin Weir is the designated local member of the task force and would work on ICAC cases in which the suspect or victim resides in Bay St. Louis.

- Approved measures for Pier 1 and loading deck bulkhead repair design at the city’s municipal harbor. In March, the Bay St. Louis City Council heard recommendations from an international consulting firm on repairing long-term settlement issues at the municipal marina.

Moffat & Nichol is an infrastructure advisory firm with offices in New Orleans and Mobile that provides engineering and consulting services to clients in the marine terminal, transportation, energy, environmental, federal and urban development markets around the world.

“According to information provided by the city, the pavement adjacent to the bulkheads has experienced continuous settling over the years since the harbor’s construction, despite previous repair efforts,” according to the company’s memo to the city. “The settlement varies along the length of the bulkhead, and localized demolition and coring of the pavement have uncovered voids or sinkholes beneath the settling pavement.”

The main causes of the damage appear to be wave pressure and groundwater seepage causing a loss of fill, Moffat & Nichol’s Sai Duvvuri told the council at its regularly-scheduled meeting last Tuesday. The combined wave action and seepage have caused multiple sinkholes beneath the structure.

Moffat & Nichol issued a memorandum dated Sept. 29, 2023, detailing the inspection findings, probable causes and suggested repair methods, along with associated costs.

The company offered three repair alternatives: Option A, “Global Complete Repairs,” at a cost of \$2,150,000; Option B — “Targeted Complete Repairs and Slab Jacking,” at a cost of \$1,053,000; and Option C — “Targeted Limited Repairs and Slab Jacking,” at a cost of \$327,000.

Under the council’s actions last Tuesday, M&N will provide engineering, design and issue

for bid (IFB) documents of the repair of the entire bulkhead. The extent of final issue for bid package will be

dependent on the level of available for construction funds dependent. It is our experience that successful bid packages have flexibility built into them, incorporating such innovative bidding concepts such as additive or subtractive bid alternates. The exact nature of the base bid and alternate combination will be developed in consultation with the city.

- Moved ahead on the SWIFT Current flood mitigation grant program. The council voted to spread a letter from FEMA on the minutes regarding the project, and approved a task order with Tetra Tech for SWIFT Current Flood Mitigation Assistance Grant work. The council also discussed a SWIFT grant for \$531,053.

The Swift Grants were made available to homeowners who have “repetitive loss” properties that are insured through the National Flood Insurance Program, meaning that they have been flooded at least twice.

However, the way the grant program is set up, the Mississippi Emergency Management Agency (MEMA) becomes the recipient of the grant, and the localities — in this case, the city of Bay St. Louis — become the sub-recipient, in charge of making sure the homeowners get the grant and all legal avenues are followed.

Both Harrison and Pearl River counties opted out of the program, as did the city of Biloxi.

The council agreed in May to move forward on all the legal hurdles and help Bay residents who qualified for the program.

The next Bay St. Louis City Council meeting is scheduled Oct. 22 at 5:30 p.m.

Electrical safety starts with being aware of electrical hazards. Think safety first and use these tips to stay safe at home, on the job and on the go.

Electricity from power lines can “jump” to nearby objects...including you. That’s why you should always stay at least 10 feet away from overhead lines.

Attention DIYers: There are live wires behind those walls. Use an electrical cable detector to locate them before your drill bit does.

Before you dig that flowerbed, remember there may be underground lines where you’re about to dig. Call 811 to locate them and your project will turn out just rosey.

“I’m sorry to hear that Dirt Cheap will be closing in Waveland,” Mayor Jay Trapani said Monday. “Dirt Cheap has been a thriving business in our community for some time. With the growth we are experiencing in Waveland and Hancock County, and with the amount of traffic at the intersection of Hwy 603 and Hwy 90, hopefully, that location will not be vacant for long.”

Harbor Freight Tools opened a new location right next to Waveland’s Dirt Cheap in May, and Waveland Hospitality, LLC broke ground further down Hwy. 90 for it’s dual-brand hotel development, Fairfield and TownePlace Suites, this past July.

Channel Control Merchants filed its bankruptcy on Oct. 10.

The Dirt Cheap stores in Long Beach, Gautier, Wiggins, Lucedale and Picayune will also be closing. In addition to Dirt Cheap, the parent company also owns Hudson’s Salvage and Treasure Hunt. Channel Control has not yet announced an official closing date for any of the stores.

FROM THE MAYOR

The Benefits of a City Registering Short-Term Rentals

In recent years, the rise of short-term rentals (STRs) has transformed the travel and hospitality landscape. Platforms like Airbnb and Vrbo have made it easier for homeowners to rent out their properties, offering unique lodging options for travelers. However, the rapid growth of this market has raised concerns about regulation, neighborhood dynamics, and community impacts. One effective solution is for cities to implement a registration system for short-term rentals. Here are several benefits of such an approach.

1. Enhanced Safety and Accountability

A registration system can significantly enhance safety for both guests and hosts. By requiring STR operators to register, cities can ensure that properties meet basic safety standards, such as smoke detectors, fire exits, and proper sanitation. This accountability reduces the risk of accidents and promotes a safer environment for visitors.

2. Better Regulation of the Market

A registration system allows cities to establish clear regulations regarding short-term rentals. This includes setting limits on the number of rentals in certain neighborhoods, establishing minimum stay requirements, and enforcing noise ordinances. By regulating the market, cities can help preserve the character of neighborhoods and prevent issues like over-tourism and housing shortages.

3. Improved Neighborhood Relations

Many communities have raised concerns about the influx of short-term rentals leading to noise, parking issues, and a loss of community feel. A registration system enables cities to enforce local regulations more effectively, fostering better relations between STR operators and their neighbors. By ensuring that STRs comply with community standards, cities can help maintain neighborhood harmony.

4. Data Collection and Analysis

By requiring registration, cities can gather valu-

Hancock History: Seawall II

In 1946 Congress enacted Public Law 727 to protect coastal communities and help control erosion. This law promoted the construction of artificial beaches in front of areas that had seawalls. After Hurricane Betsy in 1965, the Federal Office of Emergency Preparedness made repairs to the local seawalls, and in 1967 pumped sand in places creating a 6.1-mile stretch of protective sand beach in front of the seawall that stretched from Clermont Harbor to Bay St. Louis, which is still present.

From 1852 until 1928 the shoreline next to Bayou Caddy suffered the most erosion or recession. The seawall of 1928 fixed the position of the shoreline by and large. However, the erosion of the natural beach exposed the seawalls to the underlying tidal forces. The waves scour the base, reaching underneath and behind the seawall. Lack of adequate drainage can cause a seawall to buckle, move, bow, crack, or collapse. These seawalls developed cracks in vulnerable sites causing set-

ling and shifting of the wall and/or decay of untreated timber supports. These defects allowed leakage of sand back-fill from behind the seawall and under the adjacent roadway. In general, the seawalls maintained their integrity through Hurricane Camille in 1969. Nevertheless, by 1985, the collective wear and tear of multiple storms and years of wave action revealed the need for a new seawall with better shore protective devices.

That said, no new seawall was built before Hurricane Katrina in 2005. In 2010, the US Army Corps of Engineers started a long-awaited, multimillion dollar shoreline protection project. A new giant seawall was designed to protect Beach Boulevard and nearby houses and buildings from future storms. The new seawall spanned 1.7 miles from the Bay Bridge to Washington Street. Construction of the step-type seawall required 16,000 cubic yards of concrete, 600 tons of reinforcing steel, and 60,000 cubic yards of beach sand that provided protection of

the wall's base. In the northern part of the project, the seawall will be seven feet in elevation. Yet, in the downtown section, where it will do the most good, the seawall reaches a height of twenty-four feet. A Ribbon-Cutting-Ceremony occurred April 4, 2012, hosted by the US Army Corps of Engineers, Hancock County, the State of Mississippi, and the City of Bay St. Louis. The Mayor of Bay St. Louis at the time was Les Fillingame.

The Seawall and Sand Beach Department of Hancock County maintains the beach, seawall, piers, walkways, and adjacent roads. This department also maintains the Hancock County Marina on Bayou Caddy.

The Bay Harbor was completed in 2014 in front of the downtown seawall. A Harbor Commission oversees management of this municipal harbor. The original project offered 163 slips for boats. The marina has been so popular and financially successful that an additional two piers have been constructed increasing the capacity to 201 slips.

Conservation Corner: National Wildlife Refuge Week

This year National Wildlife Refuge Week will be observed during the week of October 13-19, 2024. If you have never visited a refuge before, this would be a great time to plan to go. The National Wildlife Refuge System helps to protect wildlife, generate jobs, provide clean air and water, reduce flooding, educate children about nature and offer protected places to fish and hike and enjoy the outdoors. Every state has at least one national wildlife refuge, many within an hour's drive of most major cities. In 1964, Congress passed the Wilderness Act. The 1964 law created the National Wilderness Preservation

System, which protects nearly 110 million acres of wilderness nationwide. Of those, 20 million are on refuge land. The wilderness is just that—wild land that is largely undeveloped and unmanaged—that can offer outstanding opportunities for wildlife observation, hiking, other non-motorized outdoor recreation, and solitude. National Wildlife Refuge Week highlights the value of national wildlife refuges to wildlife and people alike and is a great time to get outdoors and explore your local refuge. It provides an ideal opportunity to discover the precious legacy that refuges represent for generations to come.

The National Wildlife Refuge System, managed by the U.S. Fish and Wildlife Service, provides vital habitat for thousands of native species, including sandhill cranes, American alligators, bison, and sea turtles. National wildlife refuges offer outstanding recreation, too. Refuge Week is a perfect time to see why tens of millions of Americans visit refuges each year to enjoy fishing, hunting, hiking, and wildlife watching. Wildlife refuges also add to Americans' comfort and safety by curbing flood risk and wildfire damage, providing cleaner air and water, and supporting local communities. In carrying out the Refuge System's

able data about the short-term rental market. This information can help city planners understand trends, assess the economic impact of STRs, and develop informed policies. With accurate data, cities can tailor regulations to best serve their communities and respond to changing market dynamics.

5. Promoting Responsible Hosting

Registered hosts are more likely to engage in responsible practices. A formal registration process can include

educational components that inform hosts about best practices, local laws, and community expectations. This not only helps hosts operate within the law but also encourages them to contribute positively to the community.

6. Encouraging Tourism Development
A well-regulated short-term rental market can enhance a city's appeal to tourists, creating a diverse range of accommodation options that cater to different budgets and preferences. By promoting responsible hosting and maintaining a balance with traditional hotels, cities can attract more visitors, benefiting local businesses and the economy as a whole.

Conclusion
The registration of short-term rentals presents numerous advantages for cities, ranging from enhanced safety to better market regulation and improved neighborhood relations. As the STR market continues to grow, implementing a registration system can help cities harness its benefits while mitigating potential drawbacks. By taking proactive steps, municipalities can create a balanced approach that supports both the tourism industry and the well-being of their communities.

Waveland adopted a Short-Term Rental Ordinance on May 22, 2024, which went into effect 30 days later on June

22, 2024. The Ordinance states that, “the ordinance is to provide for a balance of economic opportunities and growth, sustainable housing developments, and preservation of the neighborhoods of the City of Waveland”. Registration of STRs began on August 1, 2024, when the application and checklist were finalized.

The deadline to register for STRs in Waveland is December 15, 2024. For more information on registering a short-term rental contact the Waveland Building Department/Planning & Zoning office at 228-466-2549.

LOUIS SAMUEL JACOBI

Louis Samuel Jacob, Sr., of Bay St. Louis, Mississippi, passed away on October 7, 2024, surrounded by his loving family, after a month battling the rare autoimmune disease myasthenia gravis.

Son of the late Virginia Carver and Louis John Jacob, he is survived by his wife of 56 years, Janis Eble Jacob; son Louis S. Jacob, Jr., and wife April of Clayton, NC; daughter Beth Jacob Bergeron and husband Jason of Thibodaux, LA; grandsons Matthew Jacob and Preston, Parker, and Tyler Bergeron; and brothers Herman Jacob

bi of Jackson, MS, and Aloysius Jacob of Bay St. Louis, MS.

He was a graduate of St. Stanislaus College and Southeastern Louisiana University. After a career in a variety of banking and accounting positions in the New Orleans area, he retired to Bay St. Louis just in time to build a home that was demolished by Hurricane Katrina. After rebuilding their home in the Bay, he and his wife acquired a hurricane retreat in the country, near McComb, MS. There he spent many days tinkering with riding lawn mowers and tractors and exploring on his four-wheeler for good places to build deer stands for hunting sea-

son. He had a wide range of acquaintances whom he delighted in teasing, and once he mastered the cell phone he would often phone or text with random queries. He had a nickname or two for everyone. He loved to eat and was an unofficial food critic who could detect the subtle flavors in almost any dish.

A Mass of Christian Burial will be celebrated at St. Clare’s Catholic Church in Waveland, MS, on Saturday, October 12, at 11 AM. Burial at Waveland Cemetery will follow. Visitation will be held at the church from 10-11 AM.

In lieu of flowers, donations can be made to St. Stanislaus College:

304 S. Beach Blvd. Bay St. Louis, MS 39520 or www.ststan.com.

Edmond Fahey Funeral Home is honored to serve the family of Louis Samuel Jacob, Sr.

Character

By REV. C. GERALD RICHARDSON, D. MIN

C. Gerald Richardson, D. MIN.

The word “character” receives a lot of attention these days. It is a word which can be understood in more than one way. An important mentor in the early days of my ministry once remarked to me that in every congregation it

is likely that there will be at least one person who is just a “character”. This designation was not intended to be negative or problematic. It was simply a description of the nature of the person. Sometimes this “character” could be a handful to deal with, but mostly it was an amusing, sometimes funny aspect of the personality of the individual. It was never hard to identify a “character”, and often such persons would become highly valued and beloved members of the community.

It is also true that the word “character” can have a different meaning. It may identify personal qualities of integrity, relational authenticity, reliability, or other important distinctions which identify a person who can be taken seriously or depended upon to be

fair and just with others. We will search in vain for any one person who perfectly demonstrates admirable character traits, but it is true that there are those who strive to possess them in significant ways.

It seems that one key to good character is making an effort to take people seriously, valuing them for their unique humanity, and not dismissing them simply because they may be different or hold views which diverge from our own.

Please note that this is not a call for an “anything goes” value system. Hopefully, this understanding of character moves us to look for ways to value the person who differs from us while holding to those principles which are essential in our own lives. Mostly, this calls for honest, and sometimes difficult conversations.

There are numerous examples of this in personal relationships. Most of us will agree that people should be treated equally and fairly. Struggles emerge when differences in race, religion, sexual orientation or other significant realities get in the way of a common belief about justice.

Our modern society has experienced profound divisions in recent years due to painful issues. Sometimes we strive for greater understanding and tolerance. At other times we dig in and view compromise of any kind as an impossible sacrifice of who and what we are. The issue is always in the way we choose to navigate these harsh realities.

In all honesty, there are some values on which some people are unwilling to compromise. Most of us are not willing to

relinquish basic liberty. The problem arises when the liberty of one person is assumed to limit or infringe upon the liberty of someone else. This is where character becomes crucial. Are there places where two worlds can meet and live in some kind of harmony even in the face of profound differences?

This is the question of our modern culture. It is likely to involve hard conversation. It raises issues of how much we tolerate, how much we negotiate, when we regulate, and the value we place on diversity and/or uniformity. Avoiding these discussions seldom yield positive outcomes. It is possible that shared reflection holds potential to lead us to a more wholesome community. May we work and pray for that hope.

Contact Phone: 228-467-4536

Introduction
The Bay-Waveland School Dis-trict is soliciting proposals for an innovative, holistic coaching and leadership program tailored to empower student-athletes and student-leaders at Bay High School. The goal of this program is to help students de-velop key skills for success-mentally, physically, emotional-ly, and sociallyboth on and off the field.
Scope of Work
The successful proposal will provide a comprehensive ap-proach to supporting student-athletes through workshops, coaching sessions, and leader-ship training. Proposals should address the following compo-nents:

1.Athlete Workshops:

Overview: Develop and deliver interactive workshops for stu-dent-athletes that cover four key areas: mental health, phys-ical health, emotional re-silience, and social skills.

Requirements:

! Each team should receive four workshops (one per key area).
! Workshops should be de-signed to foster healthy team environments and personal de-velopment.

Teams Included: Archery, Baseball, Basketball, Bowling, Cheer, Dance, E-Sports, Golf, Soccer, Softball, Tennis, Track/Cross Country, Volley-ball.

Workshop Length: Each ses-sion should be one hour in length.

2. Coaching for Student-Ath-letes:

Overview: Weekly coaching sessions should be provided for student-athletes, with a focus on establishing mental, physi-cal, emotional, and social stan-dards for success in both ath-letics and life.

Program Requirements:

! Coaching should be provided through a mix of asynchronous online content and syn-chronous weekly sessions.
! The coaching program should cover four areamental, phys-ical, emotional, and socialwith each area addressed over the course of a week, followed by a debriefing session.
! Include interactive activities and assignments aligned with educational standards (e.g., Mississippi College and Career Readiness standards).
! The program should require 15-20 minutes of engagement from each participant daily.
! A special feature or activity re-lated to health and wellness (e.g., a nutrition focus, field trip, etc.) should be included.

Target Participants: Approxi-mately 30 student-athletes.

3. Campus Leadership Pro-gram:

Overview: Leadership training to support student-leaders in developing and implementing a campus or community project, utilizing the principles of project management.

Program Requirements:
! Leadership training should fol-low a shared leadership model.
! Student-leaders should be coached through a five-stage project management process to complete a campus or commu-nity improvement project.
! Participants should receive coaching on resumé-building to apply their experience profes-sionally.
! Meetings should be conducted weekly for six to eight weeks, with both in-person and virtual meeting options.
! Student organizations that should participate include, but are not limited to, Student Am-bassadors, FCA, Interact Club, National Honor Society, Mu Al-pha Theta, Student Govern-ment, Culinary Club, Broadcast Club, Youth Legislature, and Yearbook.

Target Participants: Up to 30 student leaders from across Bay High School.

Program Objectives

Mental Health: Enhance focus, concentration, and stress man-agement among student-ath-letes.

Physical Health: Promote nutrition education, skill improvement, and healthy body image.

Emotional Resilience: Foster emotional regulation, confidence, and perseverance in students.

Social Development: Improve communication, collaboration, and leadership skills, creating a unified and positive campus culture. Proposal Requirements Interested providers should submit a comprehensive proposal that includes the following information:

1. Provider Information: Contact details, experience, and qualifications of the proposing entity.
2. Program Plan:

Details of workshops, coaching sessions, and leadership training, including methodology and delivery model.

Duration, schedule, and content outline for all sessions.

Methods for tracking and evaluating student progress.

3. Cost Proposal: Detailed cost breakdown, including per-student or per-session costs, and a grand total for the entire program.
4. References: Contact details for at least two references from previous clients for whom similar services were provided.

Budget Considerations Proposals should be cost-effective while maximizing impact. Any discounts, in-kind contributions, or added value items should be highlighted.

Submission Information Proposals must be submitted by October 31, 2024 to: Zach Ferry, Athletic Director Bay-Waveland School District 200 N. Second Street, Bay St. Louis, MS 39520 Email: zferry@bwsd.org Phone: 228-467-4536 Evaluation Criteria Proposals will be evaluated based on:

Alignment with Program Objectives: How well the proposed program meets the objectives outlined in this RFP.

Experience and Qualifications: Relevant experience of the provider, including outcomes from similar programs.

Cost: Value for the proposed budget.

Delivery Plan: Effectiveness and feasibility of the proposed timeline, methodology, and support.

All construction contracts by the district where the amount of the contract shall exceed Ten Thousand Dollars (\$10,000.00) shall, and construction contracts of less than Ten Thousand Dollars (\$10,000.00) may, be made upon at least three (3) weeks public notice. Such notice shall be published once a week for at least three (3) consecutive weeks in at least one (1) newspaper published in such county or having general circulation therein. The first publication of such notice shall be made not less than twenty-one (21) days prior to the date fixed in such notice for the receipt of bids, and the last publication shall be made not more than seven (7) days prior to such date. The notice shall state the thing to be done and invite sealed proposals, to be filed with the secretary of the district, to do the work. In all such cases, before the notice shall be published, plans and specifications for the work shall be prepared by a registered professional engineer and shall be filed with the secretary of the district and there remain. The board of commissioners of the district shall award the contract to the lowest responsible bidder who will comply with the terms imposed by such commissioners and enter into bond with sufficient sureties to be approved by the commissioners in such penalty as shall be fixed by the commissioners: however, in no case shall such bond be less than the contract price, conditioned for the prompt, proper efficient performance of the contract. Contracts of less than Ten Thousand Dollars (\$10,000.00) may be negotiated; however, the board of commissioners shall invite and receive written proposals for the work from at least three (3) contractors regularly engaged in the type of work involved.

Minority and womens business enterprises are solicited to bid on this contract as prime contractors and are encouraged to make inquiries regarding potential subcontracting opportunities and equipment, material and/or supply needs.

This contract is funded in whole or in part by funds as is established in the Safe Drinking Water Acts State Revolving Loan Funds (42 U.S.C. 300j-12); therefore, this project must comply with the American Iron and Steel requirements of the Act.

Any contract or contracts awarded under this invitation for bids are expected to be funded in whole or in part by anticipated funds from the Drinking Water Systems Improvements Revolving Loan Fund (DWSIRLF) Loan Program from the State of Mississippi. Neither the State of Mississippi, the Local Governments and Rural Water Systems Improvements Board, nor any of their employees is or will be a party to this invitation for bids or any resulting or related contracts. This procurement will be subject to all applicable sections of the Mississippi Code of 1972, Annotated, as they apply to local governments, in accordance with Appendix D of the DWSIRLF Program Regulations.

Work to be performed shall be in accordance with all Federal State and Local Regulations and Codes.

Approved by the order of the Kiln Utility & Fire District Board of Commissioners, this the September 18, 2024.

OF THE WEEK

MEET CASH.

This cute pup would love a fun family to call his own. He is a sweetie with so much love to share with his forever folks. Please consider a meet-n-greet with Cash...he has spent one third of his puppyhood at the shelter. This sweetheart of a pup is a 14 month old chocolate Labrador Retriever/Staffie mix, who is all about fun and adventure. He loves romping-n-playing with his pals, both human and canine, in his foster home. We highly recommend that Cash join a home with a fenced backyard, as he is prone to the zoomies when excited. Please gather up your children and family dog(s) and come in for a meet -n- greet with Cash. Our foster program coordinator Denise Hines (985-285-2244) can arrange a visit during shelter hours or after hours/weekends. This boy is a treasure!

BAY HIGH RUSHES PAST MOSS POINT 46-27

BY JOSEPH W. GEX II
STAFF WRITER

The Bay High Tigers used the powerful running of Jaylen Antoine and opportunistic defensive plays to dispose of the Moss Point Tigers 46-27 in Division 8-4A action at Joe D. McCullough Stadium.

Bay High (2-5, 1-0) opened the game on offense and moved the ball down to the Moss Point 21 yard line on 11 plays before fumbling the football.

Moss Point tried the flea-flicker on their first play but Noah Smith forced a fumble on his sack Kevon Ford that Avery Harris recovered at the Moss Point three yard line.

Antoine scored on a three-yard carry with roughly six minutes remaining in the first quarter. The two-point conversion failed leaving the score 6-0.

Moss Point put together a seven play drive to answer Bay High with a Ford touchdown run of 12 yards. The two-point conversion failed leaving the score 6-6.

On the ensuing possession, Bay High needed eight plays to find the endzone with about 10 minutes left in the first half when Xander Ladner found Landen Evans with a four-yard scoring aerial. Tripp Barraclough's PAT was good

making the score 13-6. Moss Point and Ford needed just three plays to answer Bay High as Ford found the endzone on a three-yard run. Ford converted on the

Point the ball back.

Moss Point appeared to have a completion but Treyvion Allen made a huge hit that jarred the ball loose and Johnson returned the ball to the Moss Point 20 yard line before stepping out of bounds.

Antoine answered with a 20-yard run for Bay High on the one play drive. The PAT kick failed leaving the score 40-20.

Moss Point put together a 14-play drive that culminated with a Ford one-yard run. The PAT kick was good making the score 40-27.

On the ensuing nine-play drive, Antoine carried the ball eight times with the final carry being a seven-yard scoring run. The PAT kick failed leaving the final score 46-27. The touchdown was set up by a 20-yard completion from Ladner to Jackson Callaway on a third down and 10.

Bay High head coach Jeremy Turcotte stated, "This past week of practice, we talked to the players a lot about confidence. We have had some bad luck this year with bad bounces of the ball. The seniors did a

tremendous job of leading the players this week in practice. They went out and made some plays tonight that changed the outcome of the game. This was a big win for us, but it was a big division win, as well. Now, we have to put this one behind us and prepare for the next game. This week we travel to Greene County so we have to be prepared for another division battle."

Jaylen Antoine led the Tigers with 37 carries for 241 yards and four touchdowns. Xander Ladner was 5-for-8 passing for 71 yards and two touchdowns. Charles Richardson added 19 yards on six carries. On defense the Tigers were paced by Sage Fayard with 16 tackles followed by Noah Smith with seven tackles, an interception, and a forced fumble. Avery Harris added six tackles, a fumble recovery, and a sack. Treyvion Allen had seven tackles and a forced fumble.

The Tigers travel to Greene County (5-1, 1-0) tomorrow to tangle with the Wildcats. Greene County was idle last Friday night. Kick-off is set for 7 p.m.

Bay High appeared to be stalled by Moss Point just past midfield and lined up for a punt on fourth and two. DeKaiden Johnson took the snap on a fake punt and broke back left with nothing but open turf and scored on a 46-yard run. The PAT was good giving Bay High a 20-14 lead.

Bay High held firm on defense getting the ball back near midfield.

On the ensuing drive, Smith jumped a Moss Point route and intercepted the aerial to end Moss Point's drive going into intermission.

Moss Point opened the second half on offense with a 12-play drive that was kept alive by a pass interference call on fourth down. Moss Point capped the drive with an eight-yard run by Ford. The two-point conversion failed leaving the score 27-20.

CHIEFS RAVAGE ROCKS 50-21

BY JOSEPH W. GEX II
STAFF WRITER

The Tylertown Chiefs wasted little time putting the Saint Stanislaus Rock-A-Chaws on the run Friday night. The Chiefs used speed to the corners to scalp the Rocks 50-21 in Division 8-3A action.

The Chiefs scored on five of their six first half possessions to jump out to a 36-7 lead at halftime.

Jashon Baker scored on a 1-yard run and Keonnis Davis added a 29-yard run to make the score 14-0 before SSC could find the endzone.

The Rocks converted on a 14-yard scoring aerial from Sam Grant to Henry Nunmaker with 9:27 left in the first half to cut the lead in half. Evan Noel converter the PAT to make the score 14-7.

The Chiefs added a one-

yard scoring run from Jarius Anders, a 60-yard scoring aerial from Davis to Landon Thompson, and a 18-yard touchdown pass from Davis to Caden Magee to close out the scoring in the first half.

Davis ripped off a 48-yard scoring run on the first possession of the second half to push the lead to 42-7.

Two possessions later, Grant hit Adam Oliver for a 12-yard scoring toss with 11:45 remaining in the game. Noel's PAT made the score 42-14.

After a stiff defensive stand, the Rocks needed one play to find the endzone as Grant hit Oliver in stride for a 39-yard scoring aerial with 7:12 left in the game. Noel's PAT made the score 42-21.

Tylertown answered to close the door on a ral-

ly with a 44-yard scoring toss from Davis to Thompson with 5:25 left to make the final tally.

SSC head coach Tate Thigpen commented, "We did not jeep our composure at all when adversity faced us and I am disappointed with that. Learning how to deal with adversity is part of the growing process. We have to get past this one quickly and focus on the next opponent. We have to find a way to get wins to advance during the season."

The rocks were led by Adam Oliver with 5 catches for 81 yards and two touchdowns. On defense, the Rocks were paced by Finn Williford with 8 tackles.

The Rocks hist St. Patrick tomorrow for Homecoming. Kickoff is set for 7 p.m. See you at the game!

HAWKS NIP HURRICANES 21-20

BY JOSEPH KEYS
CONTRIBUTING WRITER

The Hawks opened district play on Friday night by defeating the West Harrison Hurricanes by a score of 21-20 at Brett Favre field in Kiln.

Both teams played excellent defense in the first quarter, with each team gaining possession of the ball two times, but unable to score. The Hurricanes’ initial drive of the second quarter ended when Hawk defensive player Manny Balderama got into the Hurricane backfield and tackled Jordan Stapleton for a two-yard loss, forcing a Hurricane punt that landed at the Hawk 24-yard line.

The Hawks then went on a nine-play, 76-yard drive that was highlighted by a 23-yard run by Julyan Santee and ended with a sensational halfback pass from Santee to Tyran Ramsey for a touchdown. The point-after attempt was good by Sam Powell and with 6:15 left to play in the first half, the Hawks Led 7-0.

The Hurricanes answered the Hawks’ touchdown by going on a 76-yard drive of their own. The drive was highlighted by the passing of quarterback, De’mario Davies and with 2:39 left to play in the first half, the score was knotted at

7-7.

On both teams’ next two possessions the drives would end with turnovers. First, Hancock fumbled the ball away to West Harrison, but the Hurricanes returned the favor and fumbled the ball back to the Hawks. Hancock would take quick advantage and score on a two-yard touchdown run by Colton Hopgood. The PAT by Powell was good and the Hawks took a 14-7 halftime lead into the locker room.

The only score of the third quarter was when the Hurricanes forced a Hancock opening drive punt. West Harrison went on a 95-yard drive in just nine plays and ended with a 16-yard touchdown catch by Jeremy Jones. The PAT was good, and the score was tied at 14-14 going into the fourth quarter.

The fourth quarter was exciting and was defined by two drives. The Hurricanes, on their very first possession of the fourth quarter, drove the ball down to the Hawks’ three-yard line and cashed in when Trey Harris scored on a three-yard touchdown. The score was 20-14; however, one of the key plays of the game came on the point after-attempt. That was when Levi Talley stormed in from the left side of the line and

blocked the PAT attempt, leaving the door open for a Hancock touchdown and point-after attempt to win the game. Afterwards, both teams exchanged possessions: Hancock took a punt and fielded it at their own 41-yard with 4:16 left in the game. Hancock did an excellent job of mixing the run with the pass. Hancock rushed for 40 yards and passed for another 29 yards on the drive, which ended with a Colton Hopgood three-yard touchdown dive. Sam Powell kicked the ball through the upright and gave Hancock the lead 21-20 with 1:10 remaining in the game.

The Hurricanes, with their last chance to win, then fielded the ball at Hancock’s five-yard line and appeared to be headed for a touchdown. However, special team player Blake Hauze made the game saving tackle. The Hurricanes attempted one last Hail Mary pass to win the game; however, the pass was intercepted by Cayden Dedeaux, ending the game and ending the Hawks’ four-game losing streak.

Blake Hauze was named Hancock’s player of the game.

“I’m so proud of them,” Hawks Head Coach Neil Lollar said. “They have taken lick after lick all these years as far as not

getting it done, offensively we went down and punched it in -- special teams knocked it in for the extra, which was the deciding factor-- and then our defense lined up and played their butt off all three phases. They all did their jobs tonight.”

Hancock quarterback Kaison Koenenn on ending the losing streak and opening district play: “It feels good -- we knew this was going to be the biggest game of the year. This was the one we needed. We are going to use this win to keep moving and keep winning.”

Blake Hauze on his game-saving tackle: “I just went down and ex-

ecuted my job for the team. I saw the gap open up and started running towards it. I had to dive for the tackle.”

Sam Powell on his game winning kick: “I feel a lot better than I did last week, I tell you that

much. I think we have a chance to win more games, we just have to keep working.”

The Hawks -- 2-5, 1-0 in district play -- will travel to Lucedale to take on George County Rebels this Friday.

HANCOCK AND OLA ADVANCE TO STATE FINALS IN VOLLEYBALL

BY JOSEPH W. GEX II
STAFF WRITER

The high school volleyball season is quickly coming to a close. Both Hancock and OLA advanced to the Class 6A and Class 3A state finals, respectively. Both squads advanced to the final game last year.

BAY HIGH LADY TIGERS

The Lady Tigers finished the year after advancing to the second round of the Class 4A state finals. Bay High fell to Purvis, a top title contender, and took them to four games.

Bay High finished the season as the #2-seed from Division 8-4A and

HANCOCK LADY HAWKS

The Lady Hawks are 30-7 overall and return to the Class 6A state finals for the second consecutive year. The Lady Hawks swept Terry, West Harrison, and George County to advance to the finals. This is Hancock’s fifth trip to the state finals since 2010.

OUR LADY ACADEMY CRESCENTS

The Crescents advanced to the Class 3A state finals after sweeping Jefferson Davis County,

Enterprise-Clarke, and West Marion 3-0.

The Crescents are playing in the state finals for the 20th time since 2001 and have win the state title in volleyball 16 times.

The Crescents are ranked #4 in Mississippi with a 40-4 record. In the first round of the Class 4A state playoffs, the Crescents swept Southeast Lauderdale 25-4, 25-3, and 25-3.

Favre led the way with 18 kills followed by Henley with 9 kills, Davis with 39 assists, and Stegall with 10 digs and 7 aces.

OLA head coach Emily Corley stated, “We did a very good job with the basics today passing and hitting with the chances we were given. We turn

our focus to Jefferson Davis County and the challenge they will present in the second round.”

MSDH Launches New Mobile App

SPECIAL TO THE ECHO

The Mississippi State Department of Health is excited to announce the new MSDH Healthy App that is now available for download. The mobile app allows for easy access to the many services and resources we provide. The app is free and was designed to make public health services and essential information readily available on smartphones and mobile devices.

Resources include:

- Real-time alerts for health and weather emergencies, disease outbreaks and public health advisories
- Appointment booking for health services and screenings
- Find a Health Department location
- Vital records and public records requests
- Health resources and more.

Tyler Technologies worked closely with MSDH to develop the comprehensive health companion with one thing in mind: creating a convenient and comprehensive mobile solution to safeguard the public’s wellbeing by keeping them informed and empowered.

MSDH expects several positive outcomes to result from the new app, including increased user engagement, improved access to services, enhanced public health awareness, better health outcomes and a reduction in barriers to care. You can see a video demonstration on the MSDH YouTube page here: https://youtube.com/shorts/m8k_I0gnM0Y?feature=share

Download the MSDH Health App today for FREE in the Apple and Android App stores.
